JOURNAL OF ETHNOPHARMACOLOGY

VOLUME 51, Nos. 1–3 CONTENTS April 1996

SPECIAL ISSUE

Intellectual Property Rights, Naturally Derived Bioactive Compounds and Resource Conservation
Proceedings of an International Symposium, San Jose, Costa Rica, October 20–22, 1994

Preface ix
Acknowledgements xi

Biodiversity prospecting and benefit-sharing: perspectives from the field
D.D. Soejarto (USA) 1
The position of intellectual property rights in drug discovery and development from natural products
M.R. Boyd (USA) 17
Natural products research: perspectives from a major pharmaceutical company
R.P. Borris (USA) 29
Natural product source material use in the pharmaceutical industry: the Glaxo experience
D.M. Turner (UK) 39
Biological diversity, indigenous knowledge, drug discovery and intellectual property rights: creating reciprocity and maintaining relationships
S.R. King, T.J. Carlson, K. Moran (USA) 45
Academic research: policies and practice
S.L. Bertha (USA) 59
Gene co-ops and the biotrade: translating genetic resource rights into sustainable development
W.V. Reid (USA) 75
Legal issues in sharing the benefits of biodiversity prospecting
T.D. Mays, K.D. Mazan (USA) 93
Medicinal plant genetic resources and international cooperation: the Brazilian perspective
E. Elisabetsky, L. Costa-Campos (Brazil) 111
Rules and regulations on the collection in Cameroon of biological materials for biological testing and drug discovery
J.G. Jato, J.E. Simon, P. Symonds, A. Koufani, A.B. Njamnshi (Cameroon, USA) 121
Juridical and sociocultural problems on the definition of a law concerning property, usage and access to genetic resources in Colombia
R. Calle (Colombia) 127
Politica de manejo y utilizacion de los recursos floristicos en la República Dominicana
R. Garcia, C. Roersch (Dominican Republic) 147
Collection of biological materials in biodiversity prospecting in India: problems and solutions
B.N. Mehrotra (India) 161
Ley Forestal de conservacion de areas naturales y de vida silvestre
V. Villacrés, M. Suárez, V. Tafur (Ecuador) 167
Rules and regulations of the Government of Vietnam on collection and exportation of biological materials
M.V. Tri, T.C. Khanh (Viet Nam) 173
Derechos de propiedad intelectual en Costa Rica a la luz del Convenio sobre Diversidad Biologica
R. Salazar, J.A. Cabrera (Costa Rica) 177
Research, valorization and exploitation of biological resources for medicinal purposes in the Malagasy Republic (Madagascar)
F. Randimbivololona (Madagascar) 195
Interests and policies of the state of Sarawak, Malaysia regarding intellectual property rights for plant derived drugs
F.J. Chung (Malaysia) 201
Guidelines and policies on collection of biological specimens in the Philippines
D.A. Madulid (Philippines) 205

Biodiversity prospecting in Nigeria: seeking equity and reciprocity in intellectual property rights through partnership arrangements and capacity building
M.M. Iwu (Nigeria) 209
Tanzania's policy on biodiversity prospecting and drug discovery programs
R.L.A. Mahunnah, K.E. Mshigeni (Tanzania) 221
Australian deliberations on access to its terrestrial and marine biodiversity
J.T. Baker, J.D. Bell, P.T. Murphy (Australia) 229
Camptothecin and taxol: from discovery to clinic
M.E. Wall, M.C. Wani (USA) 239

Discussions 255
Biographical sketch of speakers 279
Appendix I: United Nations Convention on Biological Diversity 287
Appendix II: ASEAN Agreement on the Conservation of Nature and Natural Resources, Kuala Lumpur, Malaysia, July 9, 1985 307
Appendix III: Code of Ethics for Foreign Plant Collectors, developed at the Botany 2000 Herbarium Curation Workshop held in Perth, Australia, October 13–19, 1990 309
Appendix IV: The Manila Declaration concerning the ethical utilization of biological resources 311
Appendix V: The Melaka Accord 315
Symposium program 317
List of participants 321
